OUR STORY

Caribbean Food Delights (CFD) is the leading Caribbean frozen food manufacturer of Jamaican Style Patties: beef, chicken and plant-based. The company which began its operations in 1978 on Dyre Avenue in the Bronx, from humble beginnings by Vincent and Jeanette HoSang, is now located at its 103,000 square foot manufacturing facility in Tappan, New York.

SECOND GENERATION

Simone and Brian HoSang, the youngest of the HoSangs' children, were the driving force behind introducing a natural line of products which included the No MSG Spicy Beef Patty. They were close to finalizing their first recipe shortly before Brian's fatal motorcycle crash. In honor of Brian, Simone, as COO, continued to lead the project with the support of her sister, CEO, Sabrina HoSang Jordan, and the CFD team. CFD is excited to introduce their clean label product line.

A privately owned and operated company, CFD remains rooted in its motto, "Quality is Our Priority." This obsession with quality and safety has earned the company the coveted Safe Quality Food Institute's highest achievement award – SQF Level 3. The company boasts numerous other distinctions, awards and accolades from prestigious local and international organizations.
